## CONFESSES PLOT TO INJURE FUNK

Woman Whose Husband Sued Harvester Co. Head Admits She Never Saw Him

## CONNECTS WITH LORIMER

Scheme of Alienation Suit Alleged Plan to Discredit Funk's Evidence Against Boss

CHICAGO, July 9.—Mrs. Josephine Henning, wife of the man who sued Clarence S. Funk, charging alienation of his wife's affections arrived in Chicago today from New York, with Assistant State's Attorney Thomas Marshall. She was taken at once to the office of State's Attorney Wayman. It was understood that she was given the opportunity of confessing her part in the alleged plot against the general manager of the International Harvester company and giving testimony against Miss Aileen Heppner, whose trial on the charge of perjury was scheduled to begin today, or submit to arrest on a charge of conspiracy in connection with the charges which were proven groundless against Funk.

**Never Saw Funk**  
A Chicago newspaper under a New York date line today published what purports to be Mrs. Henning's confession. In this statement, the woman is quoted as having denied ever having seen Funk and says that she was drawn into the plot to sue Funk because her husband wanted her to enter into the scheme.

The attorneys for the head of the International Harvester company, have charged since the alienation suit was started that the charges against Funk were brought to discredit his testimony in the Lorimer case. They attempted to bring out at the trial of the suit when a jury found Funk not guilty of having accompanied Mrs. Henning to a hotel at any time. At the hearing before the Helm investigation committee of the Illinois legislature, Funk testified that Edward Hines, head of the Hines Lumber company, came to him at the Union League club and asked him to donate \$100,000 to the fund of \$100,000 which was to be used to "put Lorimer over."

**Promises More Sensation**  
Today Funk said that the confession of Mrs. Josephine Henning was only the first of a series of surprises which would come out of the alleged perjury cases which the state's attorney's office has started.

"This case is just beginning to get interesting," was the way Funk expressed it.  
"I started out to be vindicated of the charge that was brought against me. The jury found the alienation charges were groundless. Now my attorneys have instructions to go to the very bottom of the plot which was formed against me. Things will begin to happen rapidly now."

**After Higher-Ups**  
John E. Wayman, state's attorney, would not say today what action he would take. It was understood today that Funk and his attorneys do not care so much what is the fate of J. C. Henning and his wife, but that they are desirous of getting indictments against "higher-ups" who, they allege, perfected the scheme and used Henning and the name of Mrs. Henning to discredit Funk. Henning is being sought.

## Lightning Spoils Kimmel's Memory a Second Time

CHICAGO, July 9.—George A. Kimmel, the Niles, Mich., man of mystery, is again about to lose his head. He will have his head opened again within the next few days and the silver plate will be put back in place to keep his mind from slipping.

Another operation is necessary, according to Dr. Loren Wilder today because lightning stunned the Niles man as he sat on the porch of his cousin's house, near his old home. Kimmel was at the Robert Burns hospital today making ready for the second operation on his skull. He said that the lightning struck a tree about thirty feet from where he was sitting, one fork of the bolt glancing onto the porch and knocking him down, dislodging the silver plate in his head.

## HILLES CHOSEN TO MANAGE CAMPAIGN

Secretary to President Will be His Chief Lieutenant in Election Struggle

## SOCIALIST VOTE A FACTOR

Believed by Taft Men the Radicals Will be Divided Between Wilson, T. R. and Debs

WASHINGTON, July 9.—Charles Dealey Hilles, secretary to the president, will manage the Taft re-election campaign. He was unanimously chosen national chairman by the sub-committee of the national republican committee at its meeting today. Hilles was Taft's own choice, but when the executive met the sub-committee early today, he told them that he would leave the selection entirely to them, and refuse even to suggest a manager. The committee went immediately to the Willard Hotel, was in session 15 minutes, and then voted unanimously for the secretary to the president.

Secretary Hilles immediately came down from the White House for a conference with the committee, and James B. Reynolds, one of the members of the tariff board, was shortly afterward chosen secretary to the national committee.

The sub-committee then adjourned, to meet at the Waldorf in New York on July 19.

The fact that the committee took three days to select the chairman is advanced as an indication that Taft and his advisers believe the chances good for victory this fall and are determined not to make a mistake in the chairmanship. For the first time the deliberations of the leaders in any major party the socialist vote is being regarded as a factor in an election.

The way the situation was outlined to Taft today, Wilson, Roosevelt and Debs may be expected to divide the radical vote, Wilson getting the most, Roosevelt second with Debs receiving more votes than any ever polled by the socialists before. The leaders have told Taft that under such circumstances he will get all the conservative votes which they said would be enough to elect him.

## TO HUSTLE LORIMER VOTE

WASHINGTON, July 9.—Slow progress in the Lorimer case led leaders in the senate today to start a quiet movement to curtail the speech making, and hasten the vote on the question of the Illinois statesman's rights to his seat. When the senate met today, the indications were that speeches would continue at least three more days, and that a vote could not be taken before Friday or Saturday.

## MANY AT MORROW TRIAL

CHICAGO, July 9.—Interest had increased in the trial of Mrs. Rene B. Morrow when the case was called by Judge Kersten today. Thirty women, friends of Mrs. Morrow, were in the court room, and it was understood that they would continue to attend the sessions of the trial until final disposition was made of the charge that Mrs. Morrow murdered her husband, Charles B. Morrow.

## KILLED AT GRAVE

FOND DU LAC, Wis., July 9.—Emerging from the cemetery where she had just placed flowers on the grave of her husband, Mrs. John Zentner, 68, Black Wolf township, was run down by an interurban car and instantly killed today.

## GIRL DROWNS IN RACE

JANESVILLE, Wis., July 9.—Miss Sophia Hersbruner, 19, of Darlington, employed at a hotel here, was drowned late last night, when on returning from a fishing trip she slipped and fell into a mill race-way. The body was recovered at midnight.

## SEVEN AMERICANS QUALIFY IN RACE

Foreigners Dazed by Feat of U. S. Athletes in 1500 Meter Preliminaries

## 5,000 METER RUN SAME

George Bonhag, Louis Scott and Tel Berna Are U. S. Sprinters to be in Finals

STOCKHOLM, July 9.—The feat with which the American Olympic athletes today crowned their achievements of the fourth day of the contests, when they qualified seven men in seven heats for the 1,500 meter race, simply dazed the Europeans, who thought that the fleetness of the Yankees already had reached the limit of its power to astonish, and the thousands who thronged the stadium cheered lustily. Kiviat, Hedlund, Jones, Sheppard, McClure, Tabor and Madeira were the Americans who qualified in the 1,500 meter contest.

In the first heat of the 5,000 meter run, George V. Bonhag of New York, the winner, led the field from the beginning except at about the middle distance, when G. M. Hill, the Australian, went ahead for a moment. Louis Scott in the second heat, virtually duplicated the feat of Bonhag.

In the third heat the United States had no winners. Garnet W. Wyckoff of the University of Ohio went lame about the middle of the race and could not finish.

In the individual fencing finals Italy won both first and second place, Nadi and Speciali of that country being winners. Verderber, Austria, was third, American entrants did not score.

Saariisto, Slickanomi and Peltonen, three Finns, won all the points in the double hand javelin throw.

Tel S. Berna of Cornell university qualified in the 5,000 meter semifinals. Wallace M. McCurdy of the university of Pennsylvania, overran himself in this heat and fainted from the exertion. He was carried from the track to the field hospital, where he received medical attention.

## WHO WILL RULE? IS N. E. A. PROBLEM

Conservatives and Progressives in Fight For Control of Voting System of Body

## WINONA MAN IN TROUBLE

Radical Members of The Organization Keep Up Fight on Irwin Shepard

CHICAGO, July 9.—The final test of strength which will indicate who will control the sessions of the National Education association was scheduled to come today. The board of directors must decide today whether the 500 persons who have joined the association within the last 30 days are entitled to active membership with voting power. The conservative members oppose giving the right to vote to these new members, and the progressive forces are lined up determined to force the directors to grant suffrage rights to the recent additions to the association.

The fight of the progressive members against Irwin Shepard, of Winona, Minn., secretary of the National Education association, promised to continue today. Nominations for officers will be made tomorrow. T. C. Fairchild, superintendent of public instruction of Kansas, is the choice for president of a caucus of active members. Miss Grace C. Strachan of New York, has refused to withdraw from the race for president, and it was thought likely that another candidate would be announced before nominating time.

It was learned today that Mayor Gaynor of New York has written to Mayor Harrison of Chicago, asking him to use his influence with Mrs. Etta Flagg Young to help in the election of Miss Grace C. Strachan of New York, who aspires to the presidency of the National Education association. Mayor Harrison replied that he would not take any hand in the affairs of the National Education association, and that he preferred to permit Mrs. Young, who is the superintendent of the Chicago public schools, to support whoever she chose for the presidency of the teachers' organization.

## Bugs Light Town And Save Current

GARY, Ind., July 9.—Miller, Ind., today claimed to have lighted its streets by the most unique method ever employed. Driven northward from the Kankakee marshes by heavy rainstorms, thousands of lightning bugs invaded the town last night and flooded the place with so much light that the town board ordered the electric lights turned off.

## TWENTY DIE IN VAIN ATTEMPT

Experienced Miners Try to Save Imprisoned Men in Mine, But Are Killed

## TOTAL DEATHS REACH FIFTY

Explosion of Fire-Damp is Cause of Huge Death Roll in English Colliery

• Late tonight rescuers succeeded in penetrating the lower level of the ill-fated mine and recovered the bodies of 30 members of the original rescuing party as well as 35 bodies of the initial victims.

CONISBORO, Yorkshire, Eng., July 9.—Twenty heroes, including some of the most experienced miners in all England went to almost certain death today in a desperate effort to rescue thirty miners penned in the lower workings of the Cadby mine by an explosion of gas. Despite the fact that all of the thirty—victims of an early morning explosion—were believed to be dead, the rescuers insisted on trying to penetrate to the bottom of the gas filled workings in the hope that some might still be alive.

Their effort was futile, and four additional explosions completely shattered the shaft, and shafthouse, put the hoisting and ventilating apparatus out of commission and imprisoned the entire rescue party in the deep shaft where late this evening it is feared all are dead.

## BARBER IS ACCUSED

Max Hausner, proprietor of a barber-shop at 1528 George street, was arraigned before Judge C. L. Baldwin in county court this morning on complaint of State Inspector Henry Heine that he was engaged in the barber trade without a state license. He pleaded not guilty and his trial was set for July 23. Being unable to furnish the \$25 bail set by the court he will await his trial in the county jail.

## WOULD KEEP TAGGART

INDIANAPOLIS, Ind., July 9.—Efforts will be made by the democratic state committee to have Thomas Taggart, democratic national committeeman from Indiana reconsider his resignation, which he has asked to be made effective on July 14th. In case a reconsideration is refused, it is probable that William H. O'Brien, now auditor of state in Indiana, will be named as Taggart's successor.

**WILSON LEAVES SEAGIRT**  
SEA GIRT, N. J., July 9.—The "summer capital" subsided into a mere Jersey coast town again when Governor Wilson at 9:30 left in an automobile for Trenton to transact state business.

## TARIFF TO BE BIG CAMPAIGN ISSUE

WASHINGTON, July 9.—The tariff will be the main issue on which President Taft's re-election campaign will be fought. This was the decision reached today by President Taft and the sub-committee of the republican national committee appointed to confer with regarding campaign officers.

It is the present expectation of the president's friends that Taft will open his campaign with either a speech or a formal statement defining the tariff issues as he sees it.

## ARCHBALD CASE COMES THURSDAY

House Will do Duty as Grand Jury on Impeachment Charges This Week

## THEN IT IS UP TO SENATE

Final Court of Case is Upper House With Representatives as Prosecutors

WASHINGTON, July 9.—Chairman Clayton's attempt to secure attention to the impeachment resolutions against Judge Robert W. Archbald of the commerce court, in the house this afternoon, precipitated a long parliamentary tangle, which finally resulted in an agreement to take up the jurist's impeachment Thursday afternoon. Meanwhile the house will consider the Clayton bill limiting the authority of judges to inflict sentences for contempt.

Acting precisely as a grand jury would act in considering tentative indictments drawn by a prosecuting officer, the house of representatives will Thursday begin formal consideration of the thirteen grave charges of official misdemeanor lodged by the judiciary committee against Judge Robert W. Archbald of the United States commerce court.

Chairman Clayton of the committee expects to call up the Archbald impeachment resolution immediately after the house disposes of his contempt bill. He declared that a preliminary canvass of the house indicated that there would be little if any opposition to formal judgment of charges against the jurist. The Pennsylvania delegation, representatives of Archbald's home state, have so far refused to defend the accused judge.

The impeachment resolution is a non-partisan move. All proceedings in connection with its consideration will be clothed with the utmost formality and in accordance with rigid etiquette.

Clayton said there would be no disposition on his part, or of any member of the committee to present a careful and deliberate study of the charges in the house. The house will act as a grand jury, its only duty being to accept or reject the report of the committee. In case it is accepted, the impeachment articles will be sent to the senate, which will then resolve itself into a "high court of impeachment" for the actual trial. The house appoints a committee of prosecutors.

## PETITION OUT TO ASK WITHDRAWAL

Anonymous Persons Sends Out Plea for Signatures Urging Taft and T. R. to Quit

## MAKES ROOSEVELT PEEVISH

Colonel is Vexed and Declares He Has Nothing to Say When Told The News

WASHINGTON, July 9.—Strenuous efforts of republican leaders today failed to disclose the source of a report that petitions demanding President Taft's withdrawal as a candidate, are to be circulated in a nation wide campaign. Copies of the petition were circulated by mail, and without any letterhead. The plan set forth was as follows:

Circulate petitions in every state asking Taft and Roosevelt to withdraw; then ask the national committee to name a new, compromise "harmony" candidate as the republican standard bearer, to present a united front to the democrats, and save the thousands of republican officeholders' jobs.

But no one of high or low degree, today stood sponsor for the plan.

NEW YORK, July 9.—Whether it was the heat or the published suggestion that he might retire as a candidate for the presidency, Colonel Roosevelt was decidedly peevish today. He came into town to work for a while at his regular job of contributing editor of The Outlook—he expects to have an article on "Thou Shalt Not Steal" in this week's issue. When his attention was called to a published story that he and President Taft are to be asked by petitions now being circulated to retire from politics for the present campaign he became angry and snapped out: "You must not ask me about so preposterous and self-evident a fake."

## COMBINATION TO SMASH CANDIDACY OF KAREL BY UNITING ON A. J. SCHMITZ

## KAREL IS CALLED AN IMPOSSIBILITY

W. F. Wolfe Declares That Record Precludes All Possibility of His Nomination

## SCHMITZ THE LOGICAL MAN

Fight for Governorship Must Be Made On Progressive Principles Not Personality

## PROGRESSIVES IN FIRM STAND

## WOLFE PREDICTION CORRECT

Statement Given Out by La Crosse Leader Early Today Substantiated by Late Dispatches

## KAREL HAS NO CHANCE

Unity for Schmitz Means His Defeat Even if It Involves Repudiation of Convention

• MILWAUKEE, Wis., July 9.—According to an announcement printed here this afternoon a conference between National Committeeman Davies, J. A. Aylward, State Chairman, Schultz and other progressive democratic leaders, has resulted in the determination to unite in support of A. J. Schmitz for democratic candidate for governor in the state convention to be held here Thursday.

Schmitz, it is announced, agreed to become the progressive candidate only after a long conference in which it was agreed that he most likely would develop more strength in the race than any of the other candidates proposed. It developed that John A. Aylward had no intention of assuming the candidacy so long as another progressive with equal prospects might be selected.

The situation thus presented will create a bitter fight in the convention between the adherents of Judge John C. Karel and the supporters of Schmitz.

Before leaving for his home in Madison late this afternoon John A. Aylward said: "I have not been and will not be a candidate. I feel that Mr. Schmitz, being a recognized progressive and in accord with the sentiments of Governor Wilson, the presidential nominee, and the national platform, is entitled to endorsement of the progressive democrats of the state in this convention."

While the progressives will participate in the convention, they make no secret of the fact that they do not regard it as binding, and that Schmitz will be a candidate in the primary regardless of the convention outcome. They say that the reactionaries took advantage of the absence of the progressive leaders in Baltimore to attempt to pack the convention and thwart the will of the majority of democrats.

William F. Wolfe, of La Crosse, is expected to lead the fight for Mr. Schmitz in the convention.

## SUMMER RESORT BURNS

WATERTOWN, N. Y., July 9.—Fire this afternoon destroyed the fashionable Thousand Island Park Hotel, on the St. Lawrence river, and a number of cottages adjoining. The buildings were filled with summer boarders, most of whom lost their belongings. There was a slight panic, but it is believed that all of the guests escaped. The loss is estimated at \$200,000.

## 94 IN CAPITAL

WASHINGTON, July 9.—A blistering sun, and oozy asphalt streets and pavements today marked the national capital's hottest day of the year. The government kiosk downtown at noon registered 94. The hospitals were busy with prostrations, though no deaths were reported.

## TAGGART'S MEMORY BAD

WASHINGTON, July 9.—Although he was chairman of the democratic national committee, Thomas Taggart of Indiana, had no information of the finances of the 1904 campaign, according to his testimony before the senate committee investigating contributions to national funds. He said all the records were destroyed.

## HEAT KILLS 38

CLEVELAND, July 9.—Three more deaths of babies had been reported this afternoon, making the toll of the present heat wave thirty-eight. Prediction of thunderstorms late tonight was the only relief held out by the weather forecaster. Many prostrations were reported from all over the state.

W. F. WOLFE  
Prominent progressive democrat who declares nomination of Karel is impossible.

ally, but personality is not the issue. The fight for the governorship of Wisconsin must be made on progressive principles. Mr. Karel's record in the legislature nine years ago precludes all possibility of his receiving the nomination."

Adolph J. Schmitz of Milwaukee is the logical man for the nomination according to Mr. Wolfe although there is a possibility that the party may unite on John Aylward of Madison.

"I am not convinced that Mr. Aylward will be a candidate," said Mr. Wolfe today, "but in the event that Schmitz withdraws, Aylward will probably be forced into the race. I have seen no announcement of his candidacy and am inclined to believe that he will not run. There is no danger of the democrats dividing between Schmitz and Aylward. Either one or the other will be the candidate for the nomination, not both."

## Harmony is Essential

Mr. Wolfe insisted that the Aylward boom was being fostered by certain interests in the state who are desirous of dividing the progressive element of the party in the hope of strengthening the candidacy of "Key" Karel. He predicted the failure of the scheme because of the fact that all the delegates to the state convention, which opens in Milwaukee tomorrow, realize that harmony is essential to democratic success in the election this fall.

Mr. Wolfe came back from the national convention today full of enthusiasm over the nomination of Woodrow Wilson for the presidency.

"The convention was the most potent event and fraught with the greatest possibilities of any convention in American history," he said. "The convention not only nominated the best man in the United States today but it purged the democratic party absolutely of boss rule and the tainted influence of the big interests. William Jennings Bryan in his fight against Parker as temporary chairman, was actuated by the best of motives. Parker was backed by Murphy, Rogers and Taggart, and their men and Bryan fought their influence in spite of the fact that Parker himself was above suspicion."

## Wilson Makes Ten Strike

"Woodrow Wilson made a ren strike when he sent a telegram to Bryan saying that he was with him in this fight even though both he and Bryan knew the Parker forces would win. The Clark men, in their short sighted hope of landing the tempo-

## IOWANS IN A MUDDLE

CONVENTION CONTROLLED BY CUMMINS WILL ENDORSE NEITHER ROOSEVELT NOR PRESIDENT

DES MOINES, Iowa, July 9.—A platform condemning "steam roller" methods at the Chicago convention, no endorsement of Taft or the Roosevelt third party, and a platform strongly progressive but strongly for the regular republican state ticket and the state organization—this is the plan for the republican state convention here Wednesday, which will nominate two candidates for judge of the state supreme court and adopt a platform. There will be a fight between the friends of Taft who want endorsement of the Chicago platform and the ticket, but the progressives will control the convention and nine of the eleven districts and refuse this. Senator Cummins is all powerful in the convention, and his friends say he will not leave the party nor endorse Taft. When the Roosevelt party nominates its electors by petition, the progressive republicans will be tipped to vote for them in preference to Taft electors, but otherwise the convention is expected to be regular.

## START WAR ON RATS

ATLANTIC SEAPORTS AFTER ROADS TO PREVENT SPREAD OF BUBONIC PLAGUE IN AMERICA

WASHINGTON, July 9.—In response to Surgeon Blue's request to health officials of seaports on the Atlantic coast for a general survey and destruction of rats in order to prevent the spread to the United States of the bubonic plague from Porto Rico and Cuba, a great war was opened today on rodents from Maine to Florida. Dr. White, public health officer at New Orleans, telegraphed federal officials here that the New Orleans health board was scouring the docks there for rats. Norfolk officials reported likewise.

One more death at Santurce, Porto Rico, was reported today. Santurce is a suburb of San Juan and many Americans reside there. This brings the total of plague cases in Porto Rico up to 30, with 20 deaths. No report was received from Cuba today. A revenue cutter is standing off San Juan to help in maintaining quarantine there.

## TRIED TO HAVE CASE DROPPED

Former Senator Used Influence to Prevent Action Against Judge Hanford

SEATTLE, Wash., July 9.—That former United States Senator Samuel H. Piles of Washington, attempted to get Attorney John H. Perry to drop the impeachment proceedings against Federal Judge C. H. Hanford was intimated yesterday afternoon in questions propounded by Congressman W. I. McCoy to Senator Piles, who was called by Judge Hanford's attorney as a character witness to testify that Judge Hanford never was under the influence of liquor.

Piles, on cross examination, admitted that he had called upon Perry as a personal friend both of Judge Hanford and Perry to advise the latter that the charges were without foundation.

Piles also spent half an hour explaining the famous Sullivan will case in which his firm of attorneys discovered heirs in Ireland for a \$1,000,000 estate and received an enormous fee. Piles was asked by Congressman McCoy to explain how Judge Hanford got jurisdiction over that case during one part of the litigation. Piles referred the committee to his former partner, James B. Howe, now attorney for the Seattle Electric company. Howe testified later.

The third member of the Piles firm, former Federal Judge George Donworth, also testified that Judge Hanford had a peculiarity of appearing drowsy, although keeping close attention.

## COMFORT FOR THE NERVES

Worn-out, Irritable, Despondent Men and Women Should Try This Treatment.

It is impossible to have thin, impure blood and strong, healthy nerves and muscles. Instead, every part of the body becomes weak. The stomach fails in strength and the appetite becomes poor. The body does not obtain enough nourishment from the food and is actually starved. Soon the nerves begin to complain and the person becomes irritable, despondent, worn-out and nervous. For a time there may be no sickness, only a general run-down, weak state, but there is no real defence against disease, and from such a condition spring numerous disorders, as rheumatism, severe nervous diseases, stomach trouble, anemia and chronic headaches.

Mrs. J. D. Cline, of No. 139 East Federal street, Youngstown, Ohio, says: "I was all run down and on the verge of nervous prostration from overwork and worry. I was so nervous that the least noise irritated me and I wanted to be alone and see no one. My appetite was very poor. My stomach bloated and distressed me after eating. I had to vomit frequently. There were sharp, quick pains in my back as though needles were being pricked into me. On going up stairs or hurrying I became short of breath. My feet would become swollen if I was on them for any length of time and the swelling was very noticeable in the morning. I often had fainting, suffocating spells, when life seemed to leave me. I tried many medicines without benefit and then decided to try Dr. Williams' Pink Pills for Pale People upon a friend's advice. I was sick in bed when I began taking the pills. After using them for a week I commenced to get better. I continued their use for some time. My nervous trouble disappeared and I was completely restored to health. I am sure that Dr. Williams' Pink Pills for Pale People will cure other nervous sufferers as they have cured me."

Dr. Williams' Pink Pills are guaranteed by the manufacturers to contain no opiate, narcotic or anything that could injure the most delicate system. Send today for a copy of our booklet, "Diseases of the Nervous System." It is free upon a postal card request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

## CLIMAX OF CASE DRAMATIC SCENE

Camorristi Weep, Beg and Curse When Found Guilty by Jury at Viterbo Monday

VITERBO, Italy, July 9.—All previous demonstrations were eclipsed when the jury who for more than a year has been listening to the evidence against the accused Camorristi returned a verdict of guilty yesterday evening. The prisoners, nine of whom were found guilty of actual murder and the remainder of having been engaged in a murderous black-nailing conspiracy wept, prayed and cursed alternately at times begging the court for mercy and at others denouncing the jury as murderers and assassins of character.

Two of the accused cut their heads by beating them against the bars of their cage and blood streaming down their faces presented a fearful spectacle.

Demuins, one of the leaders, tried to cut his throat with a piece of broken glass he had concealed about his person. He inflicted a nasty gash that bled freely.

The uproar was so intense that the jury was unable to complete the reading of the verdict and finally the sitting was suspended while the court pronounced sentences. The frenzied prisoners were removed to the jail, where they were locked in separate cells to recover their composure.

## MUST LOSE FORTUNE

HEIRS OF H. O. HAVEMEYER ORDERED BY COURT TO GET RID OF \$10,000,000 OF WATERED STOCK

TRENTON, N. J., July 9.—Recognizing as actually outstanding the \$10,000,000 of common stock held by the heirs of Henry O. Havemeyer in the National Refining company of New Jersey, an opinion filed today by Vice Chancellor Stevens orders that this stock be retired in the manner prescribed by law. The decision enjoins the holders from voting on the stock and gives the defendants leave to argue on the form which the decree of the court shall take as to how the stock should be retired.

The decision was in the litigation brought by Norman B. Tooker and others against the executors and children of the late sugar king to require them to surrender certificates for 100,000 shares of common stock

of the National Sugar Refining company. The ground for the suit was that at the company's organization the directors over estimated the property purchased by it and that Henry O. Havemeyer obtained the stock which represents the over valuation.

A victory is seldom too one sided to suit the winner.

### PROVES DANGER OF ALL CONVENTIONS

We cannot take seriously the idea that the non-partisan, or every-partisan reactionaries of Wisconsin are to be permitted to select the democratic candidate for governor and write the democratic platform. That would be a bad pill for Dr. Wilson.

However, we are not so sure that these interests may not control the so-called convention to be held Thursday. Had that convention any party status, had it the authority to inflict the party with its candidate and its platform the Badger donkey might make another display of assinnity.

The democrats of Wisconsin make a mistake when they countenance these near-conventions. The present instance proves the case against them. It would have been utterly impossible for the reactionaries of the state to have named a standpat gubernatorial candidate in the duly authorized primary election. But they have no doubt packed the convention, and unless Wolfe, Davies and Schmitz Bryanize the convention it will name a mighty fine gentleman whose political record will damn the ticket.

We say we have no fear for the results, because we believe that should the action of the convention fail to be progressive, the progressive leaders will repudiate it and, appealing to the rank and file, sweep the primaries for a candidate in harmony with the Baltimore nominee.

The worry of the incident will be compensated, provided it shall teach the democrats the futility and the danger of playing with caucusses and conventions.

### HOW THEY LOOK AT LA FOLLETTE

The Detroit Free Press indulges in the following discussion of Senator La Follette's figure in the Chicago convention:

"Senator La Follette has drawn an indictment against Theodore Roosevelt which contains many true counts. He charges that the former president attempted to turn the 'progressive' cause to his own personal advantage after it had been made important by other men, that he endeavored to cultivate an appearance of spontaneous demand for his presidential candidacy by the expenditure of enormous sums of money and by the spectacular campaigning, that he is intimately associated with trust magnates and local bosses, that these recruits have been either indifferent or opposed to the 'progressive' cause until very recently, and in fine that Mr. Roosevelt must take the responsibility for dividing the 'progressives' in their first national contest.

This indictment the senator has printed in his own magazine and has given out to the nation through the press agencies. It furnishes a very timely piece of evidence that the so-called 'progressives' are badly split among themselves, and it no doubt helps considerably to relieve the feelings of the man who wrote it. But Mr. La Follette has already accomplished a result which must gratify his quite natural desire for vengeance upon Mr. Roosevelt much more than mere empty scribbles could ever do. He hit the ex-president a hard blow at a critical time during the Chicago convention, when he cast the votes of his followers against the claims of the Roosevelt contestants for disputed seats in Alabama.

"It was not so much the effect of these votes in seating the Taft delegates that injured the campaign of his former ally. The moral effect of the verdict was pronounced. The claim was made that the worst kind of rascality had been practised in ousting the Roosevelt Alabama delegates, and this claim was the cornerstone of the whole Roosevelt case, as indeed it still is. But when the nation came to understand that the Roosevelt delegates were not ousted by the Taft forces, that they owed their rejection directly to the 'progressive' votes in Wisconsin, the framework and superstructure of the entire Roosevelt fabric collapsed at once. How can anybody be persuaded after this vote that Mr. Roosevelt was robbed by Mr. Taft's managers?"

"La Follette has improved his standing with many voters by his action in the convention of his party. He went into it to win the nomination if he could. When he failed he did not quit and talk about robbery. He stayed to the finish and went down to defeat like a man. He will come up again, and there are a great many people in the country who are ready to give him a hearing that they have not accorded to him heretofore, because they have come to respect him. His principles do not vary irreconcilably from those of most of the republican party. It will be well to keep Mr. La Follette in mind for 1916—and meanwhile."

### THE BEST YOU GET IS THE WORST OF IT

People who, without due analysis, conclude they are saving money by buying from mail order houses, may find a lesson in the following incident recorded in "Kellogg's Square Deal":

"Down in Oklahoma the other day a man went into a store to buy a saw. He saw the kind he wanted and asked the price. It was \$1.65 the dealer said.

"'Good gracious,' said the man. 'I can get the same thing from Sears, Roebuck & Co. for \$1.35.'"

"That's less than it cost me," said the dealer, "but I'll sell it on the same terms as the mail order house just the same."

"'All right,' said the customer. 'You can send it along and charge it to my account.'"

"'Not on your life,' the dealer replied. 'No charge accounts. You can't do business with the mail order house that way. Fork over the cash.'"

"The customer complied.

"'Now two cents postage and five cents for a money order.'"

"'What—'"

"'Certainly, you have to send a letter and a money order to a mail order house, you know.'"

"The customer, inwardly raving, kept to his agreement and paid the nickel."

"'Now, twenty-five cents expressage.' 'Well, I'll be —,' he said, but paid it, saying:

"'Now hand me that saw and I'll take it home myself and be rid of this foolery.'"

"'Hand it to you? Where do you think you are? You're in Oklahoma and I'm in Chicago and you'll have to wait two weeks for that saw.'"

"Whereupon the dealer hung the saw on a peg and put the money in his cash drawer."

"That makes \$1.67," he said. "It cost you two cents more and takes you two weeks longer to get it than if you had paid my price in the first place."

Bill Watson, the English poet, has written "A Sonnet to Dauntless Theodore." Aside from that the dauntless Theodore is doing as well as could be expected.

In the coming Milwaukee convention, as in Chicago according to Mr. Dooley, "th' wan issue is dillegates."

## Quips and Cranks and Wanton Wiles

### QUIPS QUIPS QUIPS QUIPS

I come each night to a quiet shore  
My thoughts slip out to sea.  
Without a goal these ships of my soul  
Sail out of the reach of me.

They fade so quick to the skyline  
dim  
And many are lost in the deep.  
But some come back from their outward track  
And into my visions creep.

My soul is tortured by the wrecks  
Where gallant sailors die;  
But I love the song of the happy throng  
When the pleasure boats come by.

From yonder ship a brother speaks  
I see my father smile.  
Across the sea they call to me  
And the years turn back awhile.

With sudden ache of empty arms  
I stand on the shore and pray  
That the ship may last till the night is past  
And at dawn ride into the bay.

But the ships of my soul are fated ships  
Whatever their freight may be.  
There is never a dawn but finds them gone  
For they all go down at sea.

—JOHN CARL PARISH.

**He Got a Bite**  
There are scattered throughout the country many old-fashioned medical men who have faith in the methods of treatment of their fathers. One of these recently prescribed the application of leeches for one of his patients, a farmer. "Did you get those leeches I sent for your husband?" he inquired of the patient's wife upon the occasion of his second visit. "Yes, sir," she replied; "but what on earth be the good o' sending them little things for a great big chap like he? I jes' took and clapped a ferret on him."

**Wanted to Know**  
One day little Willie caught an unwary caterpillar, and soon after was tormenting the life out of poor dad with inquiries. Now, dad was a schoolmaster, but his store of knowledge was utterly inadequate to cope with the outbursts of his son's intellect, and after a while he informed the youngster sternly that school hours were over for the day. But after a moment came the timid appeal—"Papa, may I ask just one more question?" "Well," said papa, "perhaps just one." "I just wanted to know, pa," said the bright little fellow, "how the wriggle on the caterpillar came to be arranged?"

**Quietly Slipped Out**  
The business man was sitting in his office when a suspicious looking person came in with a leather bag in his hand. "If you don't give me five pounds," said the visitor, coming at once to the point, "I will drop this on the floor." The business man was cool. "What's in it?" he asked. "Dynamite," was the brief reply. "What will it do if you drop it?" "Blow you up," "Drop it," was the instant command. "My wife told me when I left home this morning to be sure and order a bag of flour for the mince pies, and I've forgotten it. I reckon it will take just about as much dynamite as you have there to prepare me for the blowing up. I shall get when she sees me." He threw himself back in his chair and waited for the explosion, but it did not come. "I'm a married man myself," said the dynamiter, and quietly slipped out.

**Must Buy a Horse**  
An old gentleman who had just made up his mind that he must buy a horse, his old mare having become a little short of wind and uncertain of foot, met a dealer. "John," he said, "I'm thinking of buying a horse. Do you know of anyone who has got a nice animal to sell?" The dealer considered for a moment, and then replied, "I think Bill Davis has, sir, or he will have in a day or two. I sold him one yesterday."

**A Tender Conscience**  
A little boy who had been blowing soap bubbles all the morning suddenly tiring of play, and growing serious, said: "Read the story about Heaven, mother, it's so pretty." "I will," replied his mother, "but first tell me, did you take the soap out of the water?" "Oh, yes, I am pretty sure I did." The mother read the description of the beautiful city, the streets of gold, the gates of pearls. The little one listened with delight, but when she came to the words, "No one can enter there who loveth or maketh a lie," he bounded up, saying, "I think I'll go and see about that soap."—Mrs. A. "Yes," the proprietor told me, "I did rent out that red-wheeled buggy to a gent yesterday, and a fine state he brought the horse back in. It was all very well to give me a ten-dollar note, but no one can tell how much harm driving like that does to a horse; maybe you don't find out till weeks later. No, the gentleman was all alone; there wasn't no lady at all with him. Sure, I could let you have a rig and driver to take you over to Buckingham."

As I drove along the red Pennsylvania road to the little town of Buckingham, I tried to picture to myself, as best I could, just what the man in the brown derby had done; I knew that he had hired a horse in Doylestown, that he had driven to our farm and in some manner taken Nancy away with him.

Shotwell Manufacturing Co., CHICAGO

must have shown itself in my face, or perhaps in some quality of voice. Certainly, as Mrs. Lathrop glanced up at me, her whole manner changed on the instant.

"Land of love," she said, "there don't a year go by but I get stupider. Here's a young man most starved to death, and I keep him standing in the hall, as if I didn't care whether he ever ate or not. You come right out in the kitchen while I get you some dinner. Don't know's I'll ever have any sense."

"I think," I protested, "that I shall have to ask my questions first. I am rather worried about those people, and I'm afraid that I could not wait until after dinner to find out about them."

"Bless your heart, why should you? If I can't tell a bit of gossip in my kitchen, I certainly couldn't tell it anywhere. Breaking eggs and the news sort of go together. It takes a stronger-minded woman than I am to make any kind of answers with her hands folded in her lap. There's nothing clears the mind up as good as a saucer." She pushed open the kitchen door as she spoke and we stepped from the dim hall into its flooding sunlight. "You sit right down at the table there and fire away; but in the first place, how would you rather have your eggs?"

"It doesn't matter," I answered; "any way that is most convenient. I was told, Mrs. Lathrop, that you put up a gentleman and two ladies here last night."

**Up She Comes**  
A penurious farmer was burying his wife, and as the hearse was putting the finishing touches to the grave he came up to John. "What's to pay?" he demanded. "Five shillins," said John. "Five shillins for what sma' job? It oot o' a reason," said the farmer. "Ye're weel peyd wi' hauf-a-crown." She's doon seven feet," said John. "an' I've tellt ye my charge." "I dinna want to quarrel wi' ye here the day, John," said the farmer gruffly. "so there's four shillins, but I winna gie ye a fardin' mair." "See here," said John, holding the money on the palm of his left hand just as he had received it, whilst he seized the handle of the spade in a businesslike way with the other, "doon wi' the lither shillin', or up she comes!" And "doon wi' it!" promptly came the farmer.

#### SHORT CIRCUIT SETS FIRE TO BIG POLE

A short circuit in the electric light wires on Mill street at the C. M. & St. P. crossing this morning was the cause of a big blaze which caused considerable excitement in the vicinity and could be seen for some distance. The short circuit started the blaze at the top of a high pole. The fire burned the top of the pole while blazing fragments dropped into the street at intervals thus making the place rather dangerous for a time. The blaze occurred early this morning when the storm was in progress. The electric light company was notified and employees hurried to the spot in an automobile. As soon as possible the current was shut off after which pails of water were dragged to the top of the pole and poured on the blaze.

After a short time the department was notified and Captain Stutzer of Company No. 5 arrived on the scene. As long as the current remained on nothing could be done but as soon as the current was shut off by the light company it was quick work to extinguish the blaze.

#### ATTEMPT TO PUT MANUEL ON THRONE

LONDON, July 9.—Portuguese advances today tell of renewed uprisings in many places to overthrow the republic and to replace King Manuel on the throne. The situation in northern Portugal is admittedly causing the government grave concern, although there has been no severe fighting, and there has been no interference with foreigners.

The most serious fighting to date took place in the province of Trasmontes where the royalists are said to be well armed and equipped. There has also been fighting at Caminha, where a bridge was partly destroyed; at Montelegre, Braga, and at Moreira. According to the dispatches the revolutionary movement has its origin in Spain, and is being financed and officered from the Spanish side of the border.

#### M'VEAGH TO CLEAN OUT MALCONTENTS

WASHINGTON, July 9.—With Secretary MacVeagh back on the job today, the treasury department faced a house cleaning as an aftermath of the secretary's squabble with his former assistant, A. Piatt Andrew. The impression gained around that MacVeagh would call every bureau on the carpet and be either convinced of entire loyalty of his men, or discharge the malcontents. The secretary denied that there would be any formal investigation, but refused to discuss his plans.

When a jealous woman gets on the job Satan has an efficient substitute. Money may be the root of all evil, but a number of good men are digging for it.

#### FERRARA BRAINS OF CUBAN GOVERNMENT

Orestes Ferrara, speaker of the Cuban house of representatives, is generally recognized as the brains of the present administration in that unhappy island. When American intervention in Cuba seemed imminent, Ferrara was sent to Washington to appeal to the president and Secretary Knox for a "hands off" policy. He has been successful in his mission. Ferrara is an expatriated Italian who came to Cuba in 1895.

#### EXPLODE HELL THEORY

GLEN ECHO, Md., July 9.—The International Bible Students' conference here yesterday formally put out of existence the hell of scripture—the "lake of fire and brimstone." The convention recorded its disbelief in the ancient theory of the "other place," after General W. P. Hall of Washington, D. C., had demanded repudiation of the doctrine of eternal hell fire, on the theory that it tended to create scepticism.

#### GUN EXPLODES; 4 DIE

BERLIN, July 9.—During artillery practice at Cerkny last evening a gun exploded, killing four of the gun crew and fatally injuring four others. The cause of the explosion has not been determined.

### FORCED TO WED; LEAVES HUSBAND

Eloper Declares That Mrs. Schrontz Was Forced Into Marriage by Father Against Will

SAN FRANCISCO, July 9.—"Pearl—that is, Mrs. Schrontz—stopped the wedding march that was leading her as a bride to Dr. W. E. Schrontz for three minutes and pleaded with her father to allow her to halt the ceremony and marry me," said Robert Warrington, 25, today, when released from jail on a vagrancy charge preferred as the result of his elopement from Xenia, Ohio, with Mrs. Pearl Schrontz, his boyhood sweetheart.

But her father was obdurate, and so the ceremony went on. Her marriage with Dr. Schrontz was the culmination of a plan agreed upon by her father and his father while she was but a child. The two men did not take hearts and happiness into consideration; they thought only of their ambitions.

"I accepted my fate, however, and it was not until two months after Pearl had left her husband with the intention of securing a divorce that I saw her again."

"Then fate in the person of a waiter in a Dayton hotel brought us together by seating us at the same table in the dining room. After that I saw her frequently and we decided to come to San Francisco together, where she would secure a divorce and we would be married."

"From the time we left Ohio our relations were entirely proper. 'I am going to remain in San Francisco and work and wait until Pearl has secured her divorce, when she promised to return. I know she will because we were meant for each other.'"

Mrs. Schrontz left today on her way home to Xenia, Ohio, with her husband. She declared she will begin divorce proceedings as soon as property interests shall have been settled, and will then again come west to marry young Warrington.

### TOOK MONEY BUT NOT FOR VOTE

Juror Bain in Darrow Trial Admits He Received \$400, But Denies Bribery

LOS ANGELES, Cal., July 9.—That Bert H. Franklin, agent for the McNamara defense, gave him \$400 although it was expressly understood that his vote on the McNamara verdict could not be purchased, was the testimony of Robert Bain, in the Darrow trial yesterday.

Bain was a juror in the trial of the McNamaras. Bain took the witness stand after his wife, who was scheduled to be the first witness when the trial was resumed, arrived in a hysterical condition because she had been delayed by a parade in the business section of the city. Mrs. Bain will complete her testimony when the state has finished with Bain.

Horace Appel, defense attorney who was fined \$25 for contempt of court has not yet paid his assessment. He declares that he has no intention of paying, remarking: "I don't even know whether they have levied on my property. I have an old horse in Arizona they may attach if the wish."

### MORSE JOINS THE GRAND FORKS CLUB

Paul Morse, who pitched for the Outcasts this year, left last night for Grand Forks, where he will be a member of the twirling staff of that team. Grand Forks is in the Central International league. It is expected that the Terre Haute club, with whom Van Horn is under contract, will wire the local association today as to where the big first baseman is to play during the remainder of the season.

Terre Haute wants to get Fred Curtis, Winona manager, to play the outfield for them and it is thought that he will be signed up within a day or two. President Elliott received a telegram yesterday asking whether Curtis could play the outfield. Although the Pirates leader has never played in the outfield so far as is known here there is no doubt but that he could make good as his heavy hitting makes him a valuable man for any team.

The Caledonia baseball team passed through the city yesterday on their way home after playing two games Saturday and Sunday at Galesville. Each team won one of the games.

### HELEN KELLER, DEAF-BLIND WONDER, WOULD LIKE TO BE SOCIALIST ORATOR

Helen Keller.

Helen Keller, the deaf-blind girl whose wonderful achievements have astonished everyone, would like to become a Socialist orator. If experiments being made by a Boston physician are successful, Miss Keller's voice, now thin and hardly audible in a large room, will be cultivated so that she can deliver lectures from public platforms. If the experiments work out all right, she plans on making a tour of the country, delivering her lectures on Socialism. Miss Keller says she is only happy when making Socialist converts. She has recently been appointed a member of the Board of Public Welfare of Schenectady, N. Y., by the Socialist mayor of that city.

## BABY NEEDS WATCHING IN SUMMER TIME

Their Little Stomachs Get Out of Order Easily in Hot Weather

Mothers should watch closely the condition of the children's bowels, babies especially. Keep the bowels regular and much of the illness to which children are most susceptible in summer can be prevented.

The most prevalent symptoms are constipation and diarrhoea. When waste from the stomach congests in the bowels and makes your little one feverish and fretful, with a feeling of heaviness or languor, try giving it a spoonful of Dr. Caldwell's Syrup Pepsin at bedtime. By morning this pleasant, mild laxative will act gently, yet positively, and restore normal conditions. This simple, natural remedy is also invaluable in checking summer diarrhoea. By thorough cleansing the bowels, the foreign matter and poisons that irritate and inflame the tissues are eliminated. Don't torture the child with harsh cathartics, purgative or astringent remedies, that upset the whole system, and at best only relieve temporarily. Dr. Caldwell's Syrup Pepsin, while positive in its effect, acts gently and without griping or discomfort, restoring normal conditions.

In using Syrup Pepsin for children the mother can feel perfectly safe, as it contains no opiates or narcotic drug, being a combination of simple laxative herbs with pepsin. By carrying off the dislodged tissues of mucus membrane that inflame the nasal passages it will quickly break the "summer cold" that is so annoying. Dr. Caldwell's Syrup Pepsin is sold by druggists for fifty cents a bottle—the larger family size, one dollar. A free trial bottle, postpaid can be obtained by writing to Dr. W. B. Caldwell, 406 Washington St., Monticello, Illinois.

Marquard was hit hard and errors in his support were costly. Snodgrass fell down twice and Groh slipped up once.

The Naps were rude to the Athletics and on the Mack yard, too. A double defeat is a bitter pill for the world's champs.

## YOU CAN HAVE A WEALTH OF BEAUTIFUL HAIR

HERPICIDE

Nothing equals an aureole of beautiful hair as a frame for a pretty face. Without a background of nice hair a really pretty face frequently becomes plain and, with it, unattractive features assume life and beauty. Every woman can increase her natural charm by using Newbro's Herpicide. Herpicide makes hair beautiful. The dandruff germ saps the vitality of the hair. A report today emanating from Appleton stated that the sale had been consummated in consideration of the sum of \$350,000. The Wisconsin company to take possession July 15.

## LA CROSSE PAIR WED IN SIOUX FALLS

Fred Simmerling, formerly employed by the Standard Oil company in La Crosse and Miss Rose Kiefer of this city were married at the parsonage of the First Congregational church in Sioux Falls, S. D., Saturday. Rev. Mr. Fox of Sioux Falls tied the nuptial knot. La Crosse friends and relatives of the young couple received announcements of the wedding today. Miss Kiefer left this city where she has been employed as a stenographer two weeks ago ostensibly to visit friends in Rochester, Minn. The announcement of her marriage to Mr. Simmerling Saturday was somewhat of a surprise here today. They will make their home in Sioux Falls where Mr. Simmerling is employed by the Helleman Brewing company of La Crosse.

## BOARD OF TRADE NAMES CENSORS

Foreign Advertisers to be Passed Upon By Committee of Local Business Men

In accordance with the instructions of the board of trade at its last regular meeting the board of directors at the noonday luncheon meeting at the La Crosse club today appointed an advertising censorship committee. The committee consists of seven members of the board of trade and shall take action on all foreign advertising that is introduced to the business men of the city. It is the purpose of the committee to discourage all advertising schemes which are brought into the city by outside firms where the bulk of the money is taken out of the city. It is the hope of the committee that hereafter no business man of the city will invest in any advertising until the agent of the scheme shows him a letter of credit signed by J. L. Utermoehl, secretary of the board.

The request for a contribution toward the expenses of causing an investigation of the express companies of the United States before the Interstate Commerce Commission sent to the board by the Express Rate conference was tabled for the present by the directors. The conference maintains that such an investigation would prove of great benefit to all shippers and would undoubtedly result in lower express rates. It is probable that the matter will again be taken up by the board.

The matter of advertising the new curriculum of the La Crosse State Normal school was referred to the committee on education and publicity. A communication from the American Automobile association stating that La Crosse had been placed on one of the great overland trails from coast to coast was read and referred to the local automobile association.

After the luncheon the board went to the Hotel Stoddard where they held a conference with a man from Minneapolis who is desirous of locating a factory in the city. The board viewed the machine he proposed to manufacture and a meeting of the committee on manufactures was called to take the necessary steps to have the factory locate in La Crosse.

## TO CALL M'NAMARAS IN DARROW DEFENSE

LOS ANGELES, Cal., July 9.—Dozens of depositions attesting the good character of the defendant and read to the jury by the defense counsel, Rogers, in the Darrow bribery trial are on file today in the superior court here. Attorneys Rogers admitted that the defense is considering asking that the McNamara brothers be brought from San Quentin prison to testify for the defense. Rogers refused to state the line of their testimony in the event they are called.

## WISCONSIN MAN TO HEAD ELKS

Thomas B. Mills, Superior, Only Man in Field For Grand Exalted Ruler

PORTLAND, Ore., July 9.—Thomas B. Mills of Superior, Wis., was today elected grand exalted ruler of the B. P. O. Eys for the ensuing year. Charles H. Ward of Pasadena, Cal., was elected grand esteemed loyal knight. Both Mills and Ward were elected by acclamation.

The election of these two officers was the only business done in the forenoon session of the grand lodge. It was then decided to continue the balloting into the afternoon, completing the election of officers before selecting a city in which to hold the 1913 convention.

PORTLAND, Ore., July 9.—With the election of officers for the ensuing year scheduled as the first order of business, the annual business sessions of the Elks grand lodge for the forty-eighth annual reunion began today at the armory. With the exception of the offices of the grand exalted ruler, and grand treasurer, all offices were contested.

Thomas B. Mills of Superior, Wis., was the only candidate for grand exalted ruler, and Edward Leach of New York was the only candidate for grand treasurer.

The second order of business to come before the grand lodge will be the selection of a city in which to hold the next convention. Rochester seems to be the strongest contender for the honor, although San Francisco and Seattle have ambitions along the same lines.

## ATHLETES LOSE A DOUBLE HEADER

The Athletics dropped both ends of their double header at League Park Sunday, Bangor handing them a decisive defeat, 6 to 1, while Onalaska beat them out in a hot sixteen inning battle by a 5 to 4 count.

Hackner and Christopherson both pitched excellent ball in the extra inning game and although the former had the better of the argument in the matter of hits, Onalaska won in the sixteenth when Roeder's double and Budlin's single sent in the winning tally after the visitors' rally in the ninth tied up the score.

The combat with Bangor went on five innings but the visitors made six runs during that time while the best the Athletics could do was to get one tally. The Athletics couldn't hit Stintzi consistently.

Score: R H E Onalaska—1001000020000001—5 6 4 Athletics—3000000100000000—4 13 5

Batteries: Christopherson and Comeau; Hackner and Childers. Score: R H E Bangor—30030—6 4 4 Athletics—000001—1 5 6 Batteries: Stintzi and Hack; Walters and Childers.

## NO CLUE TO THE FIEND

POLICE AT SEA CONCERNING DEGENERATE WHO CAUSED DEATH OF 12 YEAR OLD GIRL IN NEW YORK

NEW YORK, July 9.—Spurred by the fear that no child is safe while the degenerate who outraged and murdered little 12 year old Julia Connors on Upper Third avenue Sunday night is at large, additional police and detectives were ordered today to search for the murderer. The suspects who were arrested as the result of stories told by Florence Molz, child companion of the slain girl, have all been released as investigation proved that the Molz girl did not tell the truth.

The finding of undergarments that did not belong to the Connors child with her clothing has aroused the fear that there may have been another victim who escaped and has been afraid since to tell of her experiences.

In one of the cheap moving picture houses on Upper Third avenue, three children were found who gave a good description of a man who offered them money to go with him last Monday. The detectives consider this the most promising clue so far and are working hard to locate the individual.

## MANUEL'S FIGHT IS SERIOUS ATTEMPT

Portuguese Republican Officials Admit it Will Be Long Before Revolution Can Be Stopped

LISBON, July 9.—That the present revolutionary movement in the northern part of Portugal is the best organized that has yet assailed the present republic was admitted by officials at the palace today. They insisted, however, that the movement to crush it out is fully as formidable and that there is no doubt of the ultimate outcome although there will be much fighting before peace is finally restored.

It is openly charged here that the Spanish Carlists are aiding the matter and the Spanish government is winking at breaches of the laws of neutrality.

There was renewed fighting at Chaves last night. Under cover of the darkness the royalists attacked the town and were not repulsed for several hours, during which the losses on both sides were very large. The garrison charged the attacking party and finally put it to rout, taking many prisoners, including a number of well-known royalist officers.

The government forces opposed to the royalists at Cabeciras-Basto have been reinforced with artillery and it is announced will bombard the town. The other royalist columns are operating in the north, but they have not been located, according to the officials here. An official statement issued today said the reserves have been ordered to report to the colors in the north and every effort will be made to put down the uprising immediately before it can spread to any other section of the country.

## NO PLACE TO STAND ON THE NEW CARS

The five new Pay-As-You-Enter street cars which have been established on the North side lines have proven an instantaneous success with but one exception according to Peter Valier, superintendent of the street car company, today. The one exception is the habit of some of the men patrons of the cars of standing on the rear platforms on their way to and from the North side.

"When a crowd of men collects on the platform," said Mr. Valier, "it is hard for women and children to get on and off. They have to squeeze by because of the railing that has been built into the cars under the new system. I anticipate no great difficulty on this account however when the advantages of the system are seen. The men will gradually break themselves of standing on the rear platforms because of the discomfort in riding there. There are seats enough for all and with the speed in transportation possible under the new system I am sure that our patrons will co-operate with vice to the city."

## REVIEW BREAKS MARK

BIGGEST NAVAL PAGEANT IN WORLD'S HISTORY HELD BY ENGLAND OFF SPITHEAD TODAY

PORTSMOUTH, England, July 9.—The greatest naval review in the history of the world took place off Spithead today. Practically the entire fighting strength of the British fleet, include the four great battle-ships recently withdrawn from the Malta base, were inspected by the members of parliament preparatory to the summer maneuvers. There were more than 200 fighting machines of all classes moored in six large lines that stretched out for sixty miles when the inspection fleet arrived at the scene. In supreme command was Admiral Sir George Callaghan. The flags of 15 officers of the flag rank were represented in the combined fleet which was manned by more than 40,000 officers and men.

## HOTTEST OF YEAR IN GOTHAM TODAY

Six Deaths Reported to Police From Heat at Early Hour This Morning

NEW YORK, July 9.—With the mercury hovering around the highest figures of the year, and absolutely no hope of relief held out by the weather forecaster, New York nerved itself today for a continuation of the heat spell. At 10 o'clock the official temperature on the of a down town skyscraper where the ocean breezes were most felt, was 85. The forecaster was certain that yesterday's high level of 93 would be far exceeded before the official totals for the day had been fled away. And there was not a trace of rain anywhere on the map.

Down in the narrow canyon like streets of the business section and in the tortuous labyrinths of the poorer sections the heat was stifling. Men, women and children shuffled along with all ambition vanished, trying as best they could to shade themselves from the broiling sun. The asphalt-paved streets, reflected back a steaming heat, which made life almost unendurable, and over in the crowded tenement districts the death rate had doubled, and was continuing to rise.

The little children and the very old suffered the most. The depots of the charitable organizations, which issued ice to those who applied, were jammed to suffocation. All the city hospitals had double corps of nurses, and doctors in attendance for heat cases. Six deaths and thirty prostrations had been reported to the police up to 10:45.

CHICAGO, July 9.—Five more persons were reported dead on this the fifth day of the fatal heat wave. Scores of prostrations were reported to the police who have been swamped with stories of the suffering that the hot blast from the south has brought to this city. The total death toll for the five days here was thirty-five.

BOSTON, July 9.—Two deaths and six prostrations today brought Boston's total for seven days of terrific heat to 11 dead and 108 prostrations. Weather bureau thermometers registered 97. Street thermometers registered 102 degrees.

PHILADELPHIA, July 9.—There was no relief in sight today from the torrid weather, which, already has caused the death of 32 persons. Up to noon today three deaths due to heat had been reported.

PITTSBURG, July 9.—Two deaths, and many prostrations was the heat toll for the past 24 hours. Today 90 degrees was alleviated by a slight breeze.

rary organization and the New York vote, refused to back up Bryan even though he was a pledged Clark delegate.

"There were enough delegates in the convention who personally favored Wilson's candidacy to elect him on the first ballot but the unit rule and their instructions, forced on them by the bosses, prevented them from voting according to their desires until they were released. Wilson's nomination was only a question of time. In the wearing down process he was sure to be the victor. His delegates would have stuck for him to the end.

"Many times men on the New York delegation came to us and begged us to stick for Wilson, declaring that it was only a question of time when they would vote with us. "I predict that Wilson will receive the largest poll in the electoral college of any man since Andrew Jackson."

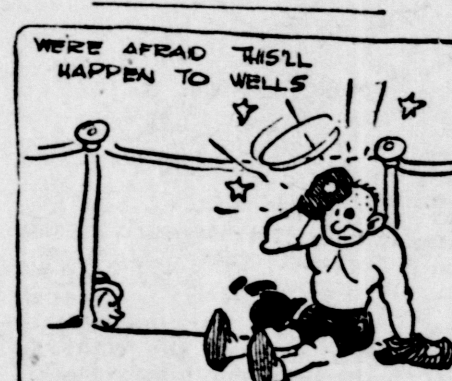

Mr. Wolfe, one of the delegates to the state convention from La Crosse county, will go to Milwaukee tonight.

Tumulty, came from Sea Girt by automobile.

## NEAR LORIMER VOTE

SENATORS REFUSE TO ARGUE ON MATTER AND POLL OF BODY IS IMMINENT FOR A TIME

WASHINGTON, July 9.—It appeared for a moment this afternoon in the senate that an immediate vote would be taken on the retention or expulsion of Senator Lorimer of Illinois.

When Senator Dillingham concluded his speech defending the Illinois statesman, no one arose to continue the debate. The presiding officer was nonplussed. Finally Senator Lorimer declared that he desired to speak, but wanted to conclude the entire debate. He said unless other senators desired to speak, he would begin at once. No one responded.

A recess of 30 minutes was then taken to determine a course of procedure.

At the expiration of the recess time, the senate met and immediately adjourned until 10 o'clock tomorrow morning.

It was the understanding that Senator Lorimer would begin his speech defending his seat tomorrow afternoon.

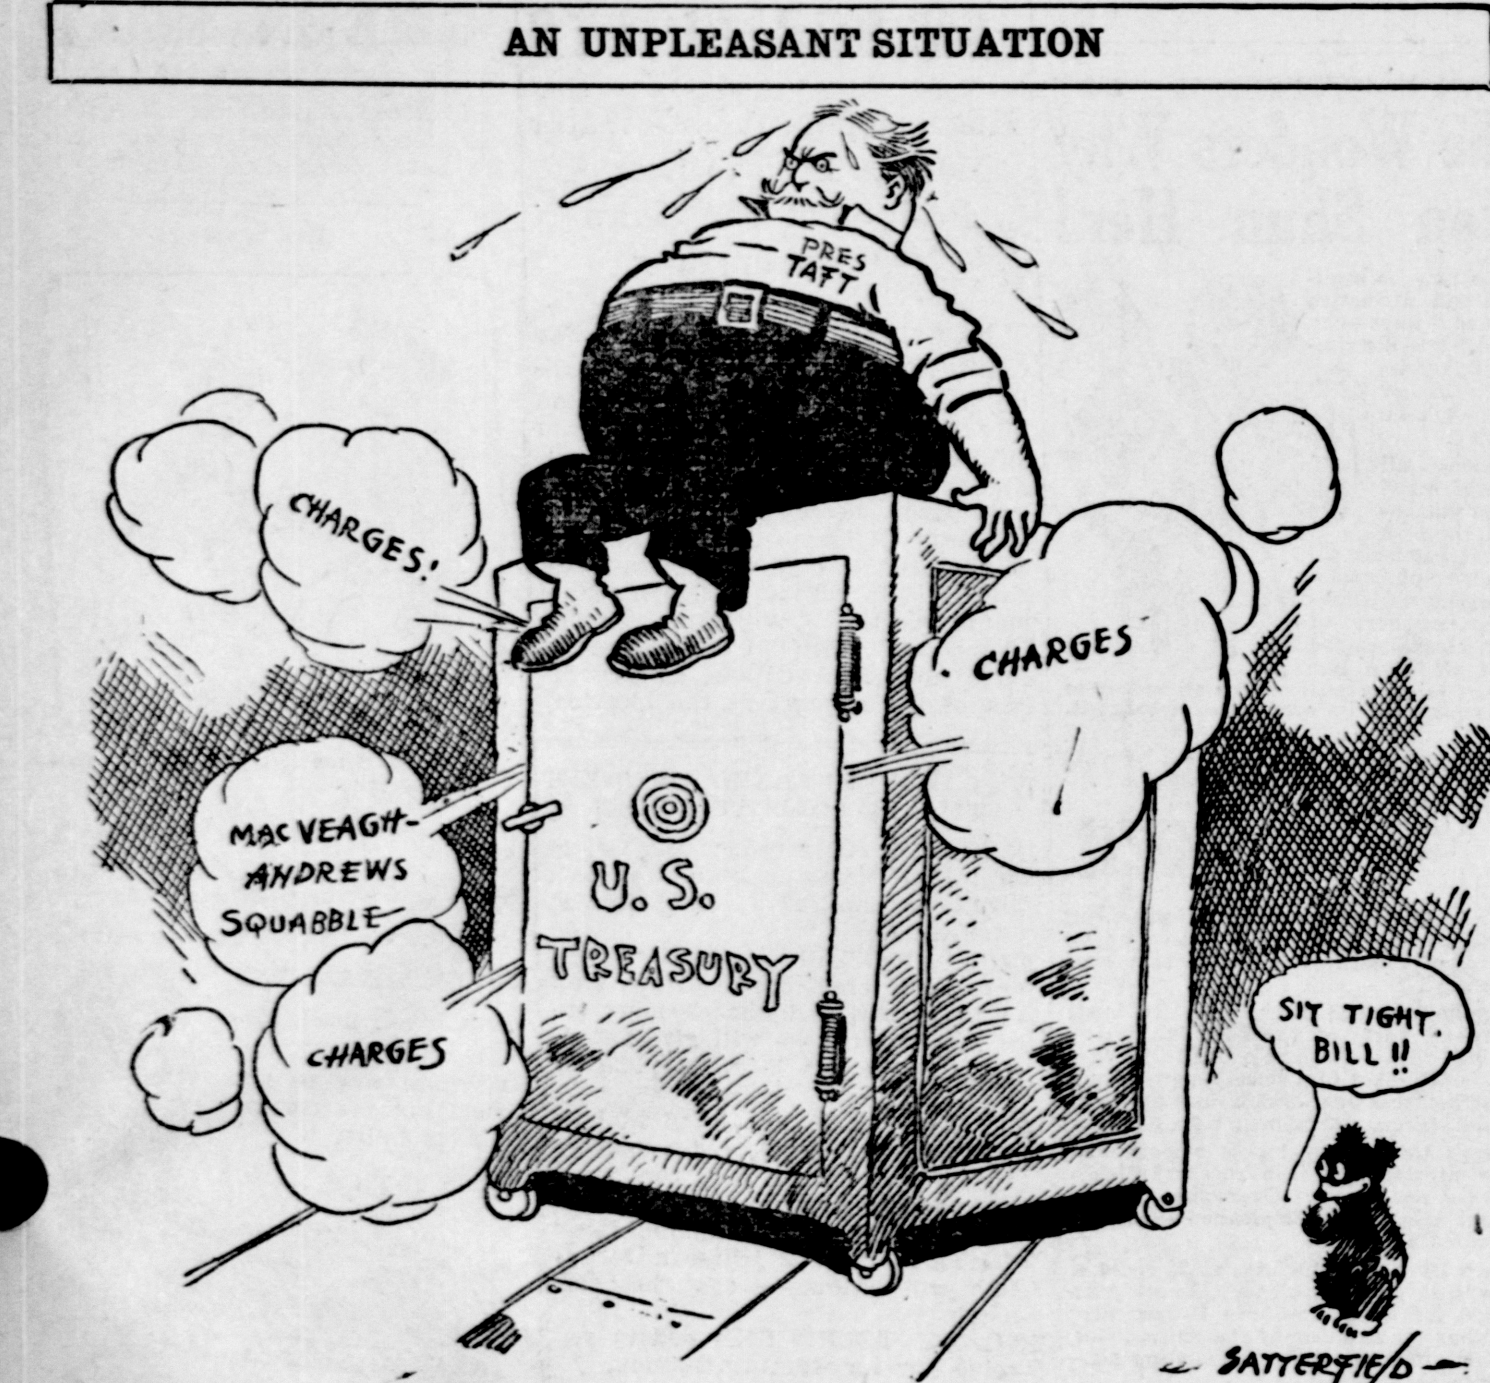

## DANGER TO AMERICA IN BUBONIC PLAGUE

WASHINGTON, July 9. — "We have no desire unduly to alarm the public regarding the bubonic plague situation but we must warn them of the danger that does now exist," was the statement today of Surgeon General Blue of the public health service.

"We must admit that there is danger to American ports from bubonic infection in Porto Rico and Cuba," Blue continued. "If infection should occur at any American port, the chief damage would probably be commercial, because other nations would hold a quarantine against us."

If infected persons are treated in the early stages of the disease, Blue said there was very little danger.

## It's Good For You

Beer provides the greatest amount of nourishment with the  
least exertion on the digestive and nervous system. That is  
why the doctor prescribes beer for nursing mothers, convales-  
cents and the aged.

Beer is next to milk in food value.

Beer is the purest, cleanest liquid food made.

Beer is the finest tonic known. Adds zest to every meal;  
sharpens the appetite; aids in the digestion of the solid foods.The small amount of alcohol in Beer (only 3.6 per cent) is  
a force producer to the extent of twice its weight; imparts en-  
ergy, vim, vigor to convalescents and the aged.But get the Beer we brew—the "Made in La Crosse" kind

the game was called on account of  
darkness, the score being 4 to 4.The Champs pulled down another

with the Badgers, the fast bunch  
from the Twelfth street ground, on  
Friday evening. They put up a strong  
fight but were handicapped because  
of the loss of three of their stars.  
The final score was 9 to 2.The game between the Pirates and  
the Regulars at the Twelfth street  
grounds developed into a pitchers  
battle between Weigel and Beranek.  
Neither side could do anything with  
the other's pitcher and strikeouts

The Young Cubs suffered a sec-  
ond defeat at the hands of the White  
Hopes Monday night. The pitching  
of Heft was a feature. The final  
count was 10 to 2.The Gophers easily defeated the  
Young Cubs. The Young Cubs have  
reorganized their team. Under the  
able captainship of W. Zube they ex-  
pect to do things.

## Midgits

A batting rally in the last inning  
put the Young Giants second in the  
percentage column in a hard fought  
game at Hood street Tuesday against  
the Badgers. After playing wild in  
the first two innings the Giants set-  
tled down and played ball the rest  
of the game.The Badgers stepped one notch  
nearer the pennant as they walked  
away with the game against the All-  
Stars. At first they were slow in get-  
ting started but when they did strike  
their accustomed pace the scores  
piled up rapidly.
